You Can Produce A Crop of Cabbage Four Weeks Earlier

By Using Our Field Grown Frost Proof Cabbage Plants

OUR plants are grown in the open field and hardened through frost and freezing weather, and will mature four weeks earlier than home grown or hot bed plants. After going through this frost and freezing weather they have been known to survive 10 above zero without injury to the plants!

To Our Customers, Our Friends

Read What Some of the Others Say

E. N. Rawlins, Gordonville, Texas:

"I am enclosing order for 1000 cabbage plants, large flat Dutch. I can get plants here cheaper but they will not stand the cold."

S. T. Tompkins, St. Joseph, Texas:

"Find enclosed order for cabbage plants. Have ordered from you for several years and find they stand severe cold weather better than any I have ever tried."

W. E. Bragdon, Okla.

"We have last year and this spring bought our plants here and we have not done any good. We bought 1000 onion plants and there were not a hundred that lived. We have not had good plants since we ordered from you."

A. R. Shelton, Kentucky:

"The enclosed check is to pay for order wired you today. I find your plants the best of any I have ever bought."

Mrs. L. C. Hayden, Kentucky:

"I received the cabbage and tomato plants in excellent condition. Many thanks. Will remember you next year with a larger order. Will also recommend you to my neighbors."

Guest Markle, Kansas:

"I ordered plants from you and had the best cabbage. Last year bought from a local dealer and got gloriously stung. Please send your price list soon."

Leo G. Strassel, Indiana:

"I want thank you for the way those plants arrived, as they came in yesterday in good shape, showing your care in packing."

Miss Ollie Bowser, Kansas:

"Received my cabbage and onion plants today. They were in fine condition and nice plants. Well pleased with them.

J. H. Halford, Rt. 3, Arkansas:

"I want 1000 tomato plants Let me know at once. My cabbage plants are O. K. They stood a 7-degree above zero freeze. You can depend on me getting all my plants from you."

Charleston Wakefield

Charleston Wakefield

This cabbage is a Selection from the Early Jersey. It was originated by one of our oldest growers, and is the best all-around cabbage in existence; it is only about ten days later than the Early Jersey, and we recommend it above all others.

Early Jersey Wakefield

Early Jersey Wakefield

Many market gardeners consider this the best cabbage in cultivation. Its merits are many, among which are large heads for an early variety, small outside foliage, and uniformity of crop. The heads are medium size, cone shaped, and are white, solid and tender.

Large Flat Dutch

Early Flat Dutch

This variety needs no recommendation, as it is one of the oldest in cultivation. Exceedingly valuable for its quality, and for its ability to resist heat. Heads very solid, round, flattened on top, tender and fine grained.

Henderson's Succession

Henderson's Succession

The Earliest of the flat head varieties. A sure header, and a very hardy grower, both in cold and hot weather. This variety is grown extensively in the South and gives universal satisfaction. We strongly recommend this variety.

Copenhagen Market

The heads of this variety are exceptionally large for an early variety. Growth is vigorous with solid compact heads with few outer leaves. About as early as Early Jersey Wakefield.

White Bermuda Onion Plants

White Bermuda Onions are noted for their earliness, heavy yields and mildness of flavor. We plant our seed in October, and the plants takes on root growth during the winter months, and will grow very fast when put out in the Spring and we strongly recommend them for the more Northern Sections of the South where it gets too cold for this variety to live during the winter. Prices: Same as for cabbage plants.

Porto Rico Yam Sweet Potato Plants

This variety is by far the best and most profitable sweet potato grown. A very heavy yielder, requiring less cultivation due to rapid growth and dense foliage which shades the ground. We grow no other variety so you can rest assured that you get a pure strain from our farms.

Orders must be placed far in advance as we only bed sufficient seed to insure the number of plants for which we have orders. Shipment after April 1st. Prices: 500, $1.75; 1000, $2.50 Postpaid. By Express or parcel post collect 1000, $2.00; 4000 and over $1.75 per thousand. Special price on large orders.

Cabbage and Onion Plants Ready for Immediate Delivery

Open Field Grown Tomato Plants

Grown from seed selected for big crops. Open field grown tomato plants are strong and hardy, short jointed and well rooted. We supply some of the largest canners, and commercial growers of tomatoes in the United States. Plants ready for shipment about April 1st. Book your order in advance if possible. Varieties: Earliana; Greater Baltimore; Stone; Livingstons globe and Chalks Early Jewel. Prices: 100, 50c; 500, $1.50; 1000, $2.50 Postpaid. By express 1000, $1.75; 4000, and over $1.50 per thousand.

An Additional Profit of $150.00 an Acre

An acre of Cabbage

well taken care of in an ordinary season will produce 15,000 heads, or thirty thousand pounds of good, wholesome food for man or beast. If you can realize the small sum of one cent per head you would realize

$150.00 an Acre

and at one cent per pound would sell for $300. At the time this is written cabbage is selling for three and one-half cents per pound here wholesale. Ask your local grocer the market quotations on cabbage. You can follow this same acre of land with cotton, corn or potatoes and make a good crop without additional fertilizer.

OUR GUARANTEE—All plants are guaranteed to reach you in good condition. Should there be any damaged plants, select the good ones and notify us at once.

Our Prices on Cabbage Plants

Parcel Post Shipments—Charges Prepaid

100 for 40c. 500 for $1.25. 1000 for $2.25.

Terms—Cash with Order

Express or Parcel Post Collect—Buyer Paying Charges:

500, 85c 1000, $1.50 5000 and over $1.25 per 1000

NON-WARRANTY—We send plants that to the best of our belief will give entire satisfaction. The best plants sometimes fail thru improper cultivation or weather conditions, therefore we give no warranty, expressed or implied and will not be responsible in any way for the crop.

WE ARE GROWERS:—We operate three farms and grow our own plants. You are buying direct from a fellow farmer when you buy from us.
